

Alive Risk underwriters have true industry expertise in the Amusement, Entertainment, Special Events and Sports & Leisure industries. This team has in-house capabilities on large franchise opportunities, specialized products, and hard-to-place contingency risks. Loss control and risk management services may be available for certain risks.

## AMUSEMENT

The Amusement facility primarily places insurance for fixed locations including family entertainment centers (FEC), amusement parks and water parks. FECs can include both indoor and outdoor attractions, including go-karts, miniature golf, arcade, zip lines, ropes courses, climbing walls, trampolines, bowling centers, laser tag, and more. With a focus on GL & Excess, Alive Risk typically provides access to more coverages within the policies we place than our competitors. A strong emphasis is put on our independent risk control services to improve the overall safety of each risk. This loss control service, combined with our claims handling and manuscript endorsement ability, continues to make Alive Risk a major player in this space.

## ENTERTAINMENT - MUSIC, TOURING & LIVE EVENTS

Entertainment underwriters provide access to coverage for a range of music, touring and live event groups within the industry, including event promoters, event planners, venues, touring entertainers, shell corps, and production support services (e.g., consultants, specialists, agents, and managers).

- Event Promoters sign contracts with the venues and are responsible for the spectators. Risks include the promotion of all types of events including, but not limited to, concerts, festivals, sporting events, and other live events.
- Event Planners work closely with the event promoter / host of event to plan their function. They do not sign contracts with venues and are not responsible for the event. Coverage addresses the planning and coordination of events such as meetings, parties, conferences, and exhibitions.
- Venues are comprised of entertainment complexes that host concerts, shows, sporting events and conferences. We will not quote bars or nightclubs.
- Touring Entertainers consists of musicians (all genres of music), dancers and comedians, either touring or stationary
- Shell Corps risks include companies set up by actors, writers, producers, and athletes to run payroll or income through royalties or family trusts.
- Consultants / Specialists include wardrobe stylists, set decorators, and lighting designers
- Agents / Managers include talent agents, business managers, and record labels

We have the ability to quote all of the above in-house. However, for risks that require a full package including scheduled auto, crime, and workers' compensation, we also have access to some of the leading entertainment carriers.
